

Principal's Report

Monday 24th August 2020

1. The school is currently working through the Schools Excellence Framework. This involves working with staff to complete a situational analysis, evaluating the achievements over the past three years and setting strategic directions for the next four years. A basis for this work includes the external review carried out last year. It is now time to look closely at what is being done well, what is needed and not needed, what our priorities are and how we best bring about improvements particularly in Reading and numeracy for all students.
2. We are doing some exciting weekly Professional Learning sessions with Carlingford West, a school in Sydney in relation to reading.
3. We are regularly reminded by DET NSW to be vigilant around all of the expectations in relation to COVID-19. I spare a thought and thank all our emergency and health workers. It is great to have the students attending school each day and we want to keep it that way.
4. A school athletics events day will take place on Tuesday Week 10. No parents are allowed on site for this event.
5. The community, students and staff are doing a great job working together through these unprecedented times.

Glen Walker

Principal
